EDITORIAL

I have received the information that a decree will soon be issued to the effect that all regions will begin to exchange newsletters. Most editors would jump with joy at the prospect of increasing their circulation by 100% but I must admit to reservations about the entire idea. First of all, there are 75 regions of PCA and we already exchange newsletters with several, but if we have any news or articles worthy of universal attention, doesn't Panorama serve its proper function by publishing such material? Why duplicate a national publication? Most of the newsletters, with a few notable exceptions, are chatty little papers filled with items of interest solely to local memberships. Just change the names and you'd swear they were run from the same stencils. Once in a while some fresh material does appear, but, like ripples in a pond, it re-appears in subsequent issues of other regions until it has circulated throughout the country. Every member of PCA reads Pano and since we all send newsletters to at least three departments of that publication, why inundate some poor regional official's wastebasket with 75 newsletters? Who in the region has time to read 75 newsletters? So far I haven't mentioned cost, but the subsidy to each region is to be \$100.00, once, flat and for all. Our publication and postage cost would probably allow us to ride free on this for a year or so but what of the regions who put out a magazine format that costs 16¢ or so to mail and God knows how much per copy to publish. I hate to display a negative attitude, but all that printing, folding, stamping, stapling, addressing, over and above our regular mailing really defeats me, especially when I know we are only decorating the interior of about 70 wastebaskets.

I feel confident that P.C.A. could put the necessary \$7500.00 required for this project to better use -- maybe hire someone to glean articles from the newsletters that might improve Panorama.

POST SCRIPTS: Sorry about the abbreviated version of the newsletter, but family emergencies and racing have taken me away from home during normal PCA-Circular publication time this month. Many thanks to Sue Zobbe, who typed the stencils in order to get the August rally event information to you in time. I'll save any items not requiring your immediate attention for the September issue.

MILWAUKEE REGION TO HOST CAN-AM BEER PARTY AT ELKHART LAKE, AUGUST 28, 1971 :

If you are going to be at the Road America Can-Am on August 29, you will probably want to take in the Beer Party at the Plymouth Motor Inn, Plymouth, Wis., hosted by the Milwaukee Region PCA in honor of the first appearance of the International Porsche Racing Team. It will be held Saturday, August 28, at 8:00 p.m. and it only costs a \$1.00! The region will also provide a Hospitality Tent on corner #5 at the track, with free beer, soda, chips, etc., on race day, Sunday. For questions, contact: Elliott Papermaster, 4450 N. Wildwood, Shorewood, Wis., (414) 272-0107 Or (414) 962-1974, or Thomas Weber, 4304 N. Ardmore Ave., Shorewood, Wis., (414) 332-4482 and (414) 228-4632.

REMINDER: All you amateur photographers and camera buffs!!! Bring your cameras and black and white film to our events. If we have some good pictures to send with articles we can probably get them published in Panorama--that is if I haven't made them too mad with my suggestions in my editorial this month. We should probably write letters to the editors thanking them for the large amount of mention and material they have printed from and about our region. THANK YOU, JUDY YOUNG and Pano Staff!!

ALLYOU RACING FANS!!!! Mike Robbins suggests that we all write or call WISH TV, Channel 8, and thank them for carrying the Can-Am series broadcasts, in hopes that they'll continue to feature racing events in the future. DO IT!!!!!!
