CIRCULAR ADVERTISING

<u>Sizes</u>	<u>Dimensions</u>	<u>Rates</u>
Business Card	2" H x 4.5" W	\$29.00 per Issue
Half Page	4" H x 4.5" W	\$49.00 per Issue
Full Page	8" H x 4.5" W	\$79.00 per Issue

The CIRcular is usually published and sent to press the first week of every month. All submissions, including ads, articles, etc., must be received no later than the end of the month preceding each issue. All advertising must be pre-paid for a minimum of 3 months. Artwork & copy may be submitted in Photo (JPG), Microsoft Word 2000 (DOC), Microsoft Publisher 2000 (PUB), or Microsoft PhotoDraw 2000 (MIX) file formats. All ads will be printed in black-and-white or grayscale; no color advertising is available. Please contact the editor with any questions about formats.

Full Page ads will generally appear in the same place each month. Smaller ads may appear in different locations each month as space and layout requirements dictate. Editorial Staff reserves the right to make slight modifications in Porsche Mart ads to accommodate space constraints and conform to uniform layout standard.

Contact Chris Langsenkamp at (765) 528-2792 or email to editor@cirpca.org for more information.

CIRcular is the official publication of the Central Indiana Region, Porsche Club of America. Statements and opinions herein are those of the author and do not necessarily represent the official position of CIR, its officers and members. The editor reserves the right to edit all material and to publish only material that is felt to be in the best interest of CIR and PCA. Permission is granted for other PCA regions to reprint articles provided credit is given to the author and CIRcular copyright is not involved.

Top Down

Pete Simpson, President

Happy April! If my aching back and arms are any indication, spring is finally here. I've been trying to catch up on my long overdue yard work. As the weather last fall changed so rapidly, I just never seemed to get it done. I'm sure many of you are in the same boat.

It's also time to get your Porsche ready for the upcoming season. And for those of you involved in the Drivers Ed this month, don't forget that all-important technical inspection. Whether it's time to remove the snow tires, change the oil, or catch up on some overdue scheduled maintenance, please consider taking your Porsche to one of our sponsors in CIRcular. The companies who advertise in CIRcular help offset the cost of producing the newsletter. And of course, they also provide excellent service and value when it comes to maintaining your Porsche. Please let them know you appreciate them - tell them you saw their ad in CIRcular!

This weekend is our second annual Drivers Education event at Putnam Park (April 25/26/27). By the time you receive this, all openings will be filled. The response to this year's DE has been outstanding. Of course we have a wide variety of Porsches, but we also have a few Ferrari's, several BMW's, and a cadre of Vipers. If you are unable to participate on-track, please consider volunteering during the event. We have several opportunities for you to assist and prior experience is not necessary. Contact Jim Scarbrough for more information. Remember, DE's run rain or shine and we hope to see you there!

Finally, Randy & Cindi Faunce will be hosting CIR May Day at their home on Saturday, May 3rd. This will be an informal cookout and get together. Make sure you put this event on your calendar. Look for information on page 11 of this issue of CIRcular and on the club website (<http://cir.pca.org>). It will be a lot of fun!

The Way It Was

Mike Robbins, Historian

TWENTY YEARS AGO

The April 1983 CIRcular reported on the progressive dinner held in March. There was an ad for the merchandise available at the CIR BAZAAR....an operation that has had an on-again-off-again existence over the years.

TEN YEARS AGO

The April 1993 CIRcular told readers that the event for the month was a rally put on by Ron Jones. It also announced that the May Board meeting would be at Hooters in Castleton. I wonder how much business was discussed?

AND MORE.....

The weather is finally coming around to the type needed to put the top down on the Speedster. I've had it out a couple of times in the last week or so. It continues to attract a lot of attention. I can guess that some smart alecks tell their girlfriends that it's a fiberglass replica. Just today, I was in line at the Broad Ripple Post Office and the elderly lady ahead of me had seen me parking and asked a lot of questions. A couple of other local Speedsters are in the shop in Dayton that did a lot of bodywork on my car a year ago so there'll soon be a couple of more to grace the streets of Naptown.

I made a couple of "improvements" to it this winter. 356s normally came with mechanical fuel pumps. I converted to an electric pump in 1966. A downside to an electrical pump is that in an accident, the pump might continue pumping gas out a broken fuel line even though the engine was killed. After all of these years I finally installed an oil pressure switch so that the ignition and fuel pump are cut off if oil pressure is lost. It could serve double duty in saving an engine if something caused a loss of oil pressure that I didn't see on the gauge.

Another device I've always thought would be interesting is an hour meter. While at the Reno Air Races last Sept I saw a goodie in one of the vendor tents that was just the ticket. Called "Tiny-tach", it is a combination tach and hour meter. There is a 4 digit display that indicates rpm when the engine is running. When the engine is shut off it displays the minutes of engine running time up to 60 and from then on displays hours. It is only about 1" x 2 1/2" and mounts easily on the firewall. Connect a ground wire and wrap another wire to a spark plug lead and you're in business. It is calibrated by the number of wraps around the spark plug lead. Now, when working on the engine there's a tach I can see other than craning my neck and straining my eyes to see the dash mounted instrument.

Will these pages be cited in ten or twenty years? What other accessories will I have on the Speedster? Stick around!

CIR May Day

Randy Faunce

Greetings fellow Porsche enthusiasts,

Cindi and I would like to invite you to our corner of Indianapolis for a Saturday afternoon of Porsche (and non-automotive) frivolity which has been dubbed the Central Indiana Region 'May Day' celebration. The general format is that of a pitch-in cookout - we'll provide the brats & burgers hot off the grill, you bring your favorite dish to put on the informal buffet line (guys: 'dish' does NOT mean your female companion). Hot or cold, salad or dessert or entrée, bring what you like (perhaps we can talk Ms. Russell into bringing a large sampling of her award winning chili).

As this has been intentionally scheduled for the Saturday immediately following our CIR Spring Brake performance driver education event at Putnam Park, there will undoubtedly be discussions relating to optimizing the line through turns 9-10 or entry / throttling through 4, performance tweaks that can be done to one's vehicle of choice, etc.

As interest warrants, a Porsche (or two) can be put up (six feet up) for inspection and discussion. While not necessarily intended as a tech session, if someone with more technical expertise than I could moderate such activity, that could be helpful for many in attendance.

We may also do a very informal 'people's choice' concours, weather permitting - I'm making arrangements for dedicated parking for those interested, which, I assume, would be almost everyone.

Even if the weather is uncooperative, there will be a number of gaming alternatives: perhaps a bracketed air hockey or boccerball tournament, card tables and backgammon boards (euchre, anyone?).

Of course, if you prefer the simple, unstructured entertainment that comes from simply visiting with long time friends and new acquaintances, well, there's ample opportunity for just that.

Children of all ages are more than welcome, as it seems Wendy and Erica, our 10 and 7 year olds, are quite the little hostesses.

Right now, mark your calendar for Saturday, May 3rd, 4pm, CIR May Day Cookout. Then contact me with your count of attendees, probable menu item, and ANY suggestions on how to further enhance the FUN of this afternoon.

Randy Faunce (317) 861-0755 sharkfest@mac.com

Regional News

USGP FAN APPRECIATION DAY

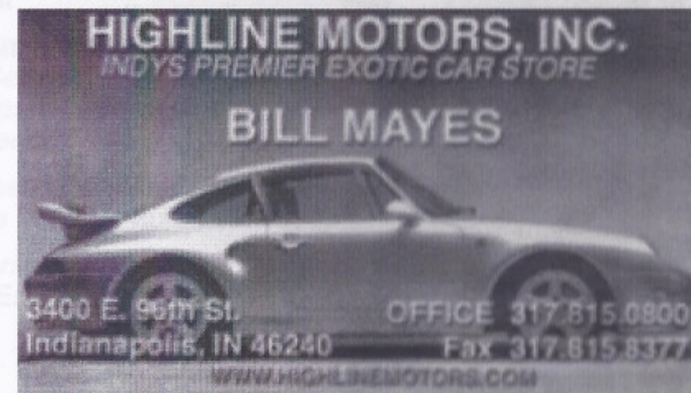

For 2003, the United States Grand Prix Fan Appreciation Day will be geared around the car clubs participating in the Formula One track tour and a special car corral parking area in historic Gasoline Alley. The event will be held on Sunday, June 15th from 10:30 AM to 3:00 PM. This year, participants will drive two laps around the track.

The general public will be on hand from Noon to 4:00 PM to get a taste of the excitement. This year's featured marque's include Porsche, Ferrari, Jaguar, BMW, Audi, Corvette, Mustang, Viper, and Thunderbird.

A photographer will be taking pictures of the cars on the track and a photo of your car will be available for purchase. Other photo opportunities will be available with several exotic cars from Ooley & Blackburn on display, a Formula One car, and the USGP women.

A \$12.00 brunch will be available and served in the Formula One Suites (Gasoline Alley Suites) while the live broadcast of the Air Canada Montreal Grand Prix will be shown on closed circuit television in the suites, as well as on the big screens around the track. A tour will be available through the 2nd floor timing and scoring are of the Pagoda and then into the new Media Center.

Check upcoming issues of CIRcular and the club website for more information as it becomes available.
