## December 2011 CIRPCA President's Message

Wasn't Thanksgiving the absolute best holiday you have celebrated in who knows how long? So much hinges around the weather and, oh my, what a delivery we had for three out of the four day extended weekend for family and friends.

There is much to be thankful for and so many distractions along the way to almost guarantee that we separate and then forget about the "thanks" and the "giving". But we won't let that happen, not within this holiday window that we have from November 24<sup>th</sup> through December 25<sup>th</sup>. You notice it don't you? The pace picks up a bit; the step is a tad more lively and with purpose. The greetings come more naturally and they aren't quite so monotoned or rehearsed.

There are days and events to boldly mark on the calendar for they are indeed enjoyable, festive, uplifting, charitable and sharing experiences. The opportunities to make lasting memories are never quite so condensed as they are within these joyous and celebrative calendar days.

All of us within the Central Indiana Region of the Porsche Club of America wish you and yours the most wonderful of holidays and the best of all years as we all enjoy the days that were cast upon the stage of the world many centuries ago.

As 2011 comes to an end so does my limited term as the President of CIRPCA for the past two years. I am pleased to leave you in the experienced hands of Rob Fike for the next round of club improvement, tweaking, refocusing and strengthening as your club moves into its second 50 years of existence. I would like to believe your current club is stronger now than when we found it. We are financially sound with realistic opportunities to grow beyond the limited parameters we placed upon ourselves over the past several years as we fought the economic downturn and the visual reality that our existence could in fact be terminal in the absence of difficult decisions.

Our future is never guaranteed but our expectations, drive, enthusiasm and goal based management dictum have aligned themselves with cerebral clarity as everything that is discussed, planned, envisioned, approved and executed is done only for the benefit of you, the members and irrevocable beneficiaries of this club.

I can only thank those who so unselfishly have served your cause for the past two years and stepped up their efforts, commitment and involvement for the measured successes we have worked so diligently to accomplish.

Rob Fike served graciously and actively as your Vice President to not only add leadership to our meetings but to also step up our technical event offerings over the course of his term.

Bob Snider proved himself to be an exemplary recorder of detail as your recording Secretary bringing to written accountability the ideas and programs discussed, for which there would be no progress if actions were allowed to wane from one meeting to the next.

George Barker took on the most thankless position available on your board, Treasurer, and found, cajoled, interpleaded and coerced vendors with whom we had or would have relationships to offer services for fees that more properly reflected our not-for-profit status and the economic environment within which we were all assembled.

George then handed off that position to the most capable Simon Robinson and took on the body blows that would be delivered as your Driver's Education Event Chair, a critical and club changing position that, when executed precisely, encourages chants and raves from all, which is exactly the result of October's Pumpkin Run.

Debbie Groulik was your Activities Chair for the past two years, raising the awareness, participation and activities offered in our Ft. Wayne area as well as coordinating the calendar of events put forth twelve times each year.

Randy Faunce always has and, hopefully, always will bring his years of experience, passion for the product, sense of humor and technical knowledge to our monthly meetings as well as his talented management capabilities running the Street Survival program that is the best "reality show" going in that it actually saves teenage drivers lives.

Geoff Kapke demonstrated remarkable awareness

of our members comings and goings as our Membership Chair by encouraging those whose active status had expired to renew and by educating those newly joined to actively become involved.

Mike Robbins continues as the undisputed club historian and contributor of those articles within your CIRcular publication to which you most look forward. How can you not be the historian when in fact the majority of the CIRPCA history was made by Mike?

Henry Riley needs to be thanked for the DE events he chaired successfully and the value and insight he added to our board meetings for eighteen months. A finer gentleman I have not had the privilege to meet in a long time.

Dan Hoffman soldiered his way through rain, snow, sleet and hail as he negotiated our First Saturday breakfast locations as well as a few of your most enjoyable tech sessions. We all might be a few pounds lighter if Dan hadn't been quite so creative and *inventfull* with his early morning selections.

Larry Haskett was a proven veteran offering resourceful information and guidance as your Past President and journeyman to your present board members. His relationship with our main sponsor, Tom Wood Porsche, was an extremely important part of our mission as we were anxious to solidify our growing partnership with this premier dealership.

David Weaver has served as your Webmaster for the past two years, undertaking the massive and time consuming position of improving and maintaining our clubs main communication link to you. We needed to drastically reduce our ongoing costs that had been eating us alive for five years as well as securing innovative ways to move with the trends of this century. There is undoubtedly much left to do but please believe me when I say much indeed has been accomplished.

David was a recipient of a special award at this years Annual Banquet to acknowledge, thank and raise to public awareness the personal sacrifice and dedication this one man has given on behalf of CIRPCA.

David, I have no words within my limited vocabulary to express my indebtedness for your contribution.

And I save this space to once again raise the banner of awareness to the contributions and creative product advanced and nurtured through the giving creativity and talent of your CIRcular Editor for five years, Jim Legault.

Jim also received a special award for his faithful years of service not only by intelligently managing the content and presentation of your monthly publication but also his contributions and artful eye as he provided his own AP worthy photographic preservation of a multitude of events over the course of his tenure.

The CIRcular has evolved as a nationally respected publication and one that is eagerly anticipated by our whole membership each and every month. He has been a comforting and insightful participant at all of our board meetings and, as you all know, at a large majority of our events.

Thank you Jim, for the years given and the visual entertainment and information delivered. You will be missed.

To all of these volunteers and to those who pitched in to lend a hand at our many events along the way, I say thank you. And thank you for allowing me to shepherd the cause for this brief moment in the life of your club.

In *Julius Caesar Act 4*, Brutus offers to Cassius,

"There is a tide in the affairs of men.  
Which, taken at the flood, leads on to fortune;

Omitted, all the voyage of their life  
Is bound in shallows and in miseries.

On such a full sea are we now afloat,  
And we must take the current when it serves,

Or lose our ventures."

On that historical and reverent note I will turn over the club charter and historical documents to the safe keeping of those here to follow and in whose absence I shall respectfully remain,

Don Shuck  
President  
CIRPCA

## **The Water Cooler - Jim Legault *CIRcular* Editor**

Last Call!

This is the last issue of ***CIRcular*** under my editorship. It's been an interesting run, to say the least!

When I took the helm in March of 2006, I didn't know nothin' about birthin' no newsletters, believe me! I didn't even know that you had to add or subtract pages in multiples of four (that way the odd page doesn't fall out of a printed copy...).

When I started, we printed and mailed black and white, pamphlet sized editions. The pictures tended to be grainy and the sponsor ads were pretty much non-existent.

Change is good but change can be painful. There were lots of controversies, big and small, as *CIRcular* blossomed into the online, full color publication that we have today.

Damon Beals, Tom Brentlinger, Larry Haskett, and Don Shuck, CIR Presidents during my watch, have all been unbelievably supportive.

Bob Snider and Mike Robbins have contributed a great deal of their time and talent in form of articles. Debbie Groulik and Merritt Webb have kept us up to speed on Fort Wayne's many activities.

Rob Fike has contributed Tech articles to make the care and feeding of our favorite automobiles a little easier.

And I have to mention Tony Griffin's 924 and 931 reclamation projects. It's guys like Tony who, for the love of Porsches, reach out and share their passion. That's what has made my time in the editor's chair so rewarding.

I'm very pleased to be able to tell you that Merritt Webb will be taking *CIRcular's* driver's seat beginning with the January 2012 issue. He is a great writer and Porsche enthusiast. I'm certain that Merritt will take our newsletter to the next level!

Never forget that this is your newsletter. Your articles, ideas, and feedback have been so important to me. Please show Merritt the same kind of support!

I'll be around. My real goal is to become a DE regular. And I'll be writing things for the newsletter, as I see them. A Merry Christmas and a Happy and Prosperous New Year to you and yours! Cheers!

## November 5 Tech Session at Autocar Sports and Classics

A good group of curious Porsche enthusiasts gathered at Brian Stewart's [Autocar Sports and Classics](#) at 1755 Country Club Road on the far westside of Indianapolis for a winterization tech session.

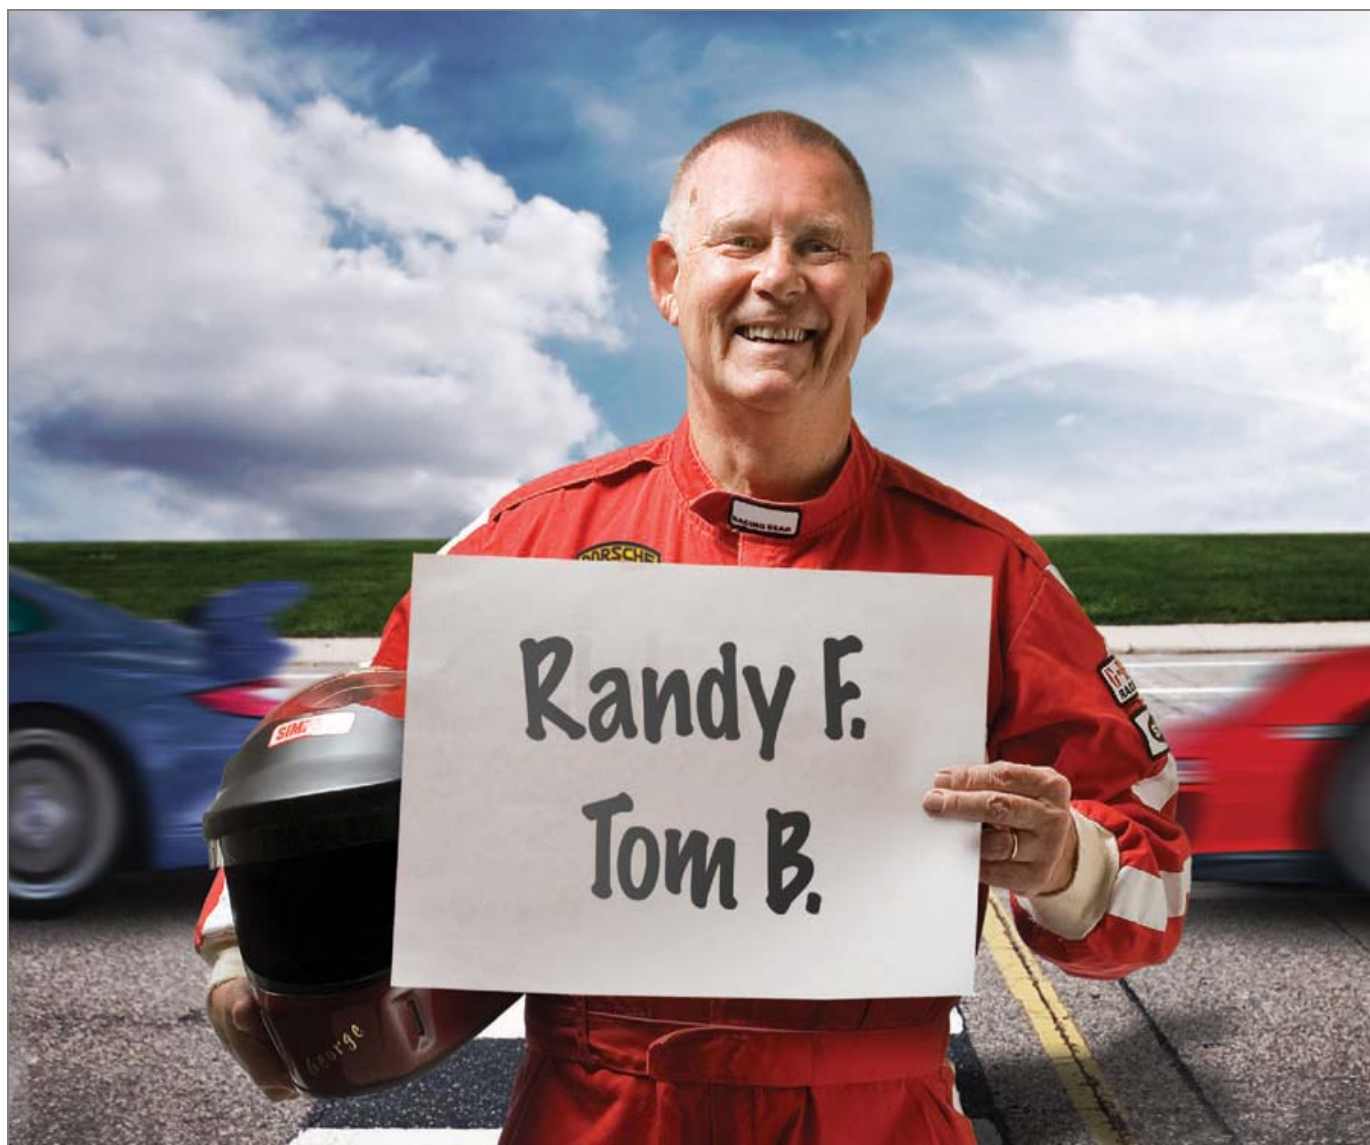

Brian is a veteran Formula 1 and Indy Car mechanic who tired of the constant travel of the racing circus. He services Porsche, Ferrari, Lamborghini, Maserati and Aston Martin in his clean and cozy shop. He also had a Corvette, a vintage Formula Junior, and the odd British vehicle in the shop.

Brian entertained us with some stories of his days in the open wheel wars and presented a lot of common sense advice on preparing your Porsche for winter driving or storage.

If you are not exactly the do it yourself type, Brian can prepare your car for the winter weather for you. Give him a call at (317) 271-9955.
